

Boydsville Village

A Miniature Village where Boyds Bears® Live, Work & Play...

Where every morning, you can hear the church bells echo through the valley and the streets come alive with laughter from children making their way to school. Where just a short ways out of town, farmers tend to their fields and the aroma of freshly baked apple pie fills the fresh country air.

Overtime we'll meet more members of the Boydsville Community... the merchants along main street in town, Boydsville's wealthiest folks livin' high in the hills in mansions that have stood for generations, and folks with simpler needs, finding comfort and shelter in their cozy lil' homes nestled in the Boydsville countryside.
